**Immunization Waiver Form**

According to the Adrian College immunization requirements, dates of immunization against tetanus, poliomyelitis, diphtheria, mumps, rubella and measles, and proof of freedom from tuberculosis are required before arrival at the college. This includes all boosters.

Students wishing to exercise a religious or other objection to immunization must sign a waiver form. Students who are considered susceptible to a vaccine preventable disease for which they have not been immunized may be excluded from the college if an outbreak of such disease occurs on campus.

Complete the portion below if you refuse to be immunized as stated above because of religious reasons or other objections.

I, \_\_\_\_\_, object to being immunized against the diseases I have checked below:
